The Original Soil Conservation Ridges for Southern Rhodesia

The ridges that are shown in the picture are Original Ridges for Soil Conservation in Rhodesia. I have a letter stating so by the Senior Soil Conservation Officer of the Southern Rhodesia Government. The work was done and ridges devised to save the soil of the fields of the Mutambara Mission Farm. We had made the land into a level field between each two ridges so the Alfalfa or Lucerne as it is known in this country could be watered by just opening the water furrow at one end of the little field between the ridges and let it flow spreading out evenly till it reached the lower opposite end of the little field. It was eminently, grandly, perfectly successful. A new era had dawned for Mutambara and Southern Rhodesia.

This plan of saving the soil in our fields was devised because the soil of the fields on our Southern Rhodesia Farms was being washed away down the rivers at terrible rate. As I am the oldest Agricultural Missionary of the Methodist work in Rhodesia it seemed imperative that we should save the soil. It was no easy task to take time for this soil conservation work for the fierce drive was to produce food enough food for the schools. A score of small washed out ditches and at least four big ugly washed places had been recovered to cultivation at Old Umtali.

Three months after the ridges were built and the ground leveled into terrace steps between the Chief Native Commissioner of the Southern Rhodesia Government having heard of the ridges came to Mutambara. I thought I had made some mistake in native affairs but he said he wanted to see the ridges. He was shown

them already growing alfalfa nicely, but above all else stopping the soil where it had previously washed down a deep donga where the water had collected from the mountain to the river. The Chief Native Commissioner began suggesting that I go out and show other people to do this and began suggesting a salary that was near three times my missionary salary. I told him I would be staying in the mission as long as I stayed in Africa, but that I could tell him where to get a man for the work. And he would not have to say do it this way and save labour or that way and save material for it were possible he would already be doing it. He was given the job and started his work of building ridges for soil conservation in the native fields that were also washing badly just across the river for it was thought the natives would object less to the ridges there than anywhere else as they had seen the ridges in the mission field. The friend that got the job says he got the job because I made so much noise about him. Well, I would be pleased to make any good noise about such a man.

The ridging is almost a universal practice in Southern Rhodesia both by Government Order and by Private Practice and is being done throughout Northern Rhodesia and Kenya Colony and is now being practiced in South Africa. Some people think that the invention or origin of ridges for Africa is worth five hundred times as much as all the money that has been spent for Mission Work in Rhodesia. It is one of our gifts to Africa.

A. REPORTS OF BOARDS
1. Conference Claimants

1. We recommend that the following paragraph be added to the Rules of the Ministers' Pension Fund:

"Should a Minister withdraw from the Travelling Ministry, he may receive in one sum, the amount he has paid into the Fund, except that if the Minister who withdraws has already retired, the amount that has already been paid to him shall be deducted.

2. We recommend the payment of thirty shillings per Quarter to J. Gondora be continued.

3. We recommend that the amended regulations of the Pension Fund be printed in the 1951 Conference Minutes. (See Section G. - Additional Notations)

4. The following amounts have been paid to retired ministers and widows since

last Annual Conference:

Rev. T. Marange	£25 - -
Rev. I. Munjoma	8 - -
" Z. Mukombiwa	17 10 -
Mrs. A. Kapenzi	12 - -
Mrs. E. Zimonte	19 14 8
	<u>£82 4 8</u>

The Balance in the Ministers' Pension Fund on August 14th, 1951 was £5,446. 13 10½.

**2. Board of Education
Committee on Religious
Education**

We recommend that the Conference establish Bible and other Courses at all Mission Centres and circuits to train unordained workers for their particular type of work. It has been felt that the worker's conference was helpful at one centre; therefore, we should like to recommend that it be continued there and held at all centres unless they find a better way; also that different parts of the Church programme,

such as the Church School, the M.Y.F., the class meeting, the Rukwadzano, and others be encouraged to take part in the workers' Conference.

1. We re-affirm our request to the Native Education Department that there be a further increase in teachers' salaries to encourage the best of our Std. 6 students to enter T.T. We recommend that the Secretary of Conference present this request to the Government Department.

2. We recommend that Principals of our Boarding and Primary Schools make a careful investigation before expelling a student and that parents always be notified if it is agreed that a student should be expelled.

3. We recommend that a Committee be appointed to investigate the possibility of starting Post Primary Industrial Training in our Conference.

3. Committee on Publication

1. We recommend that the material for a book for boys and girls on rules of behaviour, courtesy and customs concerning the marriage ceremony and feast be prepared as suggested by the Committee chosen by the African Christian Convention, but that the material be mimeographed and circulated among African leaders and missionaries before it is printed in book form to be sure it will meet the need of the people.

2. We recommend that the Committee for the revision of the hymnal be continued

Mrs. Murphree, Mr. Sells, Mr. Jackson, Mr. Enoch Chieza. Mr. Martin Chiza, Mr. E. Matara and Mrs. A. Mansure.

4. Curriculum Committee

1. We recommend that, beginning January '52 the decision as to whether or not School pupils be required to buy the Umbowo be left to the individual Schools.

2. We recommend that the temperance booklet "Pfumvu ye Kumwa kuno Simba" be used in Std. 2 and / or 3 in our Schools.

3. We recommend that the following books be used for Shona, texts in our Schools provided the Inspectors agree:

Sub. A. - - - Tucece

Sub. B. - - - Popukai

Std. 1. - - - Kare Kare

4. We recommend that the following Committee be directed to prepare a list of books from which texts might be chosen for each subject in Stds Sub. A. through Std. III, and that the Committee also be asked to revise the schemes used for Nature Study, Religious Instruction, Hygiene, Geography and History for these same Standards. K. Harper, D. M'izengerere, D. Danga, I. Scovill, F. Hackler.

5. Committee on Community Life

1. The study of the Word of God is vital to Christian growth. We recommend that Bible Schools be conducted in as many places as possible by Miss Tubbs and such staff as can be arranged.

2. We re-emphasise the importance of protecting our girls travelling to and from school, and ask that the Urban Areas Committee implement means for caring for them while in Salisbury en route.

3. We greatly deplore the fact that so many girls are lost to the Church when they go to the Towns. We urge our Pastors to notify the Church where they go, whether they are full members or not. We further urge that all be done to help the girls who do go to town to go to the African Girls' Hostel in Umtali, where they will be surrounded by Christian influences.

4. Until after a member has been disciplined by Quarterly Conference for adultery and re-admission into membership of the Church, we request that our ministers refuse to solemnize the marriage of such a boy who has paid damages, then refuses her, wishing to marry another girl in Church.

6. Youth and M. Y. F. Committee

1. We recommend that the present leaflet of suggestions on M. Y. F. organization be translated into Shona.

2. We approve of the M. Y. F. Badge agreed upon at the Annual M.Y.F. Conference in January, and the secretary was requested to write to Companies in England and America to learn the cost of making pins.

3. Other things to be approved from the Annual M. Y. F. Conference in are as follows:-

- a) Conference officers elected are:- Langton Chikukwa President; Bennie Jambga, Vice-President; Jane Esau, Secretary and Treasurer, Alfred Gowera.
- b) We wish the next Conference to be held the 3rd of January, 1952 somewhere in Mtasa Makoni District.
- c) The M. Y. F. Group at each Mission Center may send two delegates to this Conference, each group in the outstations may send one delegate.
- d) These delegates may be chosen by the M. Y. F. group sending them or the way the District Superintendent desires.
- e) The expenses of the delegates attending the Conference should be paid by the groups sending them.
- f) We suggest that Circuit and District M.Y.F. Meetings be arranged by M.Y.F. Presidents and Ministers at convenient times.

4. We recommend that the District Superintendents explain the organization and work of the M. Y. F. when they have their teachers' meetings at the beginning of the year, so as to encourage the teachers to take an active part in this organization.

5. We recommend that the Conference Committee of M. Y. F. present a collection of Hymns and Choruses to the Committee on the Revision of the Ngoma and that this Committee have them published as soon as possible since

there is a great need for them. The M. Y. F. Treasurer will bear the expense of this project.

Committee on Evangelism

We recommend that the Bishop and Cabinet give careful consideration to the request of the Nyadiri Quarterly conference for a full time minister for Nyadiri Center so a more effective program of evangelism can be carried on in the Hospital and the School.

2. The committee feels there should be more emphasis placed upon personal Evangelism: therefore, we recommend a committee be appointed to give careful study to a conference wide evangelistic program with emphasis on personal evangelism. The committee shall be composed of the District Superintendents and one pastor from each district selected by the District Superintendent.

3. It is recommended that short Bible study and Evangelistic courses for Christian laymen, stewards and evangelist, be given in all districts. We request the conference to ask the Bishop to set a missionary free to assist the pastors in holding these schools, visiting in the homes and holding Evangelistic meeting.

4. Since one person is unable to meet all the calls that come for Bible Institutes, we urge that the missionaries at the centers go out in the district and conduct additional Bible Institutes among the women

5. It is recommended that we encourage and support the work of child Evangelism being carried on in Rhodesia

by "The Child Evangelism" movement.

6. It is our desire that a committee be approved to prepare a "Study Book" for the training of Class Leaders and Church members. The committee shall be composed of J. Chimbadzwa, Chairman. A. Mansure E. Parks, J. Pfaff, and M. Chiza. This book is to be presented for approval at the next Annual conference.

7. We recommend that before children are baptized the parents be properly instructed as to the meaning of this sacrament.

8. It is recommended that the following Quarterly Conference report form be approved and that we ask the Press to print 1000 sets in Chimanyika each district shall pay for their own copies.

9. In regard to the transfer of membership it is recommended that a notice of transfer be sent by post to the minister as well as a form be sent with the member being transferred.

Report of the Board of Lay Activities

1. We note the differences in the amounts being paid for School Fees and request the

Conference to make a unified system of fees for the whole area.

2. We ask the Conference to consider seriously the further establishment of a standards IVs in our improved schools and further request the Principals of Central Schools to be generous in releasing teachers to make these classes available.

3. We recommend that serious steps be taken by the Conference to request the government to build more clinics in the reserves.

4. We request the Conference to put into action the recommendations concerning the organization of Wabvui Bands (Item No 2 P. 267. 1950) The badge designed by Mr. O'Farrell is satisfactory for use.

5. We remind the Principals and the Superintendents of Schools who have not adopted the system, that the Conference has approved the method of collecting offerings from school children at the beginnings of terms when receiving school fees.

6. We request that the Conference print in Shona the Course of Study for Local Deacons.

7. We request the conference to prepare reports of committees during the Conference Sessions in order that the delegates might have the correct information to report to their Churches.

8. We request the Conference to act upon the recommendations passed by the Annual Conference in its different committees.

Board of Ministerial Qualifications, Training, and Relations

1. We recommend that Hunter Griffin be transferred from Kentucky Conference into full membership with Rhodesia Conference as from Aug. 1951.

2. We recommend that Benjamin Katsidzira and David Mandisodza be granted retired relationship on their own request.

3. We recommend that the Conference Treasurer be asked to order from U. S. A. a supply of Retired-ministers' pins to be awarded to the retired ministers of this Conference.

4. We recommend a short time be set aside at each conference for appreciation and thanks to the ministers who retire, and for the retiring ministers to say a few words.

5. We recommend that Kenneth Harper be received into full membership with this Conference.

6. We commend that Miss Sylvia Aldrich, ordained elder 1946 in China, be recognized as an accepted supply pastor in this Conference.

7. We recommend that the Students at our Theological School at Old Umtali should not be admitted on trial in the Conference until they have completed their studies at the Theological School.

8. We recommend that a 4 year post - graduate course of conference studies be prepared. The Board of Ministerial qualifications, training, and rela-

tions is to prepare this course before next Annual Conference.

9. We recommend that the qualifications for entrance into the Theological School be raised to T.T. or J. C. beginning with the 1953 class.

10. We recommend that the following members of this Board, H.I. James, Per Hassing, Titus Maranke, and Moses Muparutsa act as a Theological School Advisory Committee to consult with the faculty on various matters that might come up between the sittings of the Annual Conference.

Report of the Board of Temperance

We wish to make the following recommendations:

1. That Sunday School lessons continue to contain one temperance lesson per quarter.

2. That a committee write a letter describing the deplorable conditions resulting from beer being sold in African locations in Umtali and Salisbury and containing the recommendations to hand to the Secretary of the Conference to send to the next meeting of the Rhodesia Missionary Conference for consideration and presentation to the proper municipal authorities. The committee was named as follows: Helen Wildermuth, chairman, Mrs. E. L. Sells, David Mudzengerere, Titus Maranke, and Mrs. Titus Marane,

3. That, again this year, an editor be appointed to

use the space allotted by the Umbowo for the purpose. We suggest John Nemaungwe, Theologue, for this work. We further suggest that his material be included as the Temperance lesson in the Sunday School Quarterly.

4. That our school supervisors and our schools be urged to use the booklet now available on temperance in their hygiene classes in Standards 2, 3, and 4; also, that M. Y. F. groups be encouraged to use it occasionally for lessons on temperance.

5. That we repeat the recommendation that the second Sunday of February be the Committment Day, and that sufficient care and teaching be given to the matter before then that our people may know and intelligently make their decision.

6. That the John R. Gates Memorial Recreation Hall, to be built in Umtali near the Hill Top Church, offer facilities for soft drink when it opens. It was reported that T. A. O'Farrell urged the municipality to open milk and soft drink bars in the Umtali Location but that he was told there were plenty of places, such as hotels and grocery stores, where milk and soft drinks were sold. There was no need of other places.

2 Memorials to the General Conference

1. We submit for your consideration and implementation the statement submitted to the Methodist Ecumenical Conference in connection with

our desired cooperation with other Methodist bodies in Africa and would call the attention of the appropriate committee to our desires for unity.

2. We would like to submit to the appropriate committee on Missions the information that the special Advance projects undertaken during the last quadrennium have not all been completed, and that whatever arrangement is proposed for the coming quadrennium in World Advance include the completion of these unfinished projects.

A. Reports of Commissions

1. Worship and Music

Believing that the regularly scheduled worship services of the congregation are of real value in assisting the members to commune with God, and believing that the worship service is unit, and that the worshipper cannot derive the full benefit there from unless he participates in from the opening hymn to the Benediction any more than a person can be filled by eating only part of a meal, the worship and music Committee make the following recommendations.

1. We suggest that the main Church Services be held as early as possible so that there will be ample time for the remaining services and we suggest that clocks be purchased where needed.

2. We urge those who conduct services to start on time.

3. We recommend that a minimum of twenty minutes be set aside every Sunday

preceding the regular worship service for the practicing of new hymns, beginning with any new hymns which the minister wishes to use during the service.

4. We move that at every quarterly meeting at least a scheduled hour be spent learning and practicing new hymns and that thirty minutes each day be set aside at Camp Meetings for the same purpose.

5. We recommend that the Music Institutes which were once in existence be started again under the supervision of Mr. Enoch Chieza.

6. Since Music plays such an important role in Worship we recommend that the Superintendents make a new effort to encourage music to be taught in the schools for the betterment of music in our Churches, we further recommend that Music instruction be included in Conferences.

7. We suggest that ministers seek new opportunity for the teachers to have hymns sing for the purpose of learning new hymns.

8. We would like to encourage the Choirs to use whenever possible songs in Shona rather than English as we feel that an English song adds very little to the feeling of worship for those who do not understand the words.

9. We recommend that the program committee appoint yearly, not less than three months before Conference, someone to be in charge of the music for the Conference Session.

10. We recommend that individual communion cups be introduced into every circuit as soon as funds are available. These may be purchased from the Methodist Publishing House, Burg Street, Cape Town.

Reports of Committees

Report of Auditing Committee

The books of the following organizations have been audited and found to be correct and in order:-

1. The Conference Treasurer.
2. The African Christian Convention funds on hand £67. 11. 11½.
3. Rukwadzano rwe Wadzi-mai. Funds on hand £748. 17. 9.

2 Report of Committee on Finance

1. We recommend the following Conference Assessments:-

- (a) Episcopal Fund: 1½% of pastoral support.
- (b) Conference Administration: £40. 0. 0.
- (c) Accepted Supply Pastors' Relief: 6d on the pound of every Accepted Supply Pastor's salary paid by the circuit.
- (d) General Administration Fund: £20. 0. 0.
- (e) Central Conference Fund: £40
- (f) Conference Journal: £75.
- (g) Conference Secretary: £15. 0. 0.
- (h) Conference Treasurer: £5. 0. 0.
- (i) Travel to Conference: £35. 0. 0.
- (j) Work in Salisbury: £100. 0. 0.

2. We recommend that the answer to the Disciplinary Question No. 3 be "no" for this year. The question of bonding has been examined and it was decided that the need for bonding is not as yet, of sufficient importance.

3. We recommend that free will offerings be taken in all our churches for extra money for Mr. Chieza and that the first offering be taken here this afternoon, and that the Conference Treasurer advance money for his travel from here to N. Y. and that we ask the Division of Foreign Missions to advance funds to cover expenses to the General Conference from N. Y.

4. We recommend that the Conference reimburse the Marange - Zimunya District for six months salary for E. Chieza during 1952.

3. Report of the Joint Meeting of The Committee on Interdenominational Relations and the Urban Areas Work

(1) We recommend that the action of the 1951 Conference in regard to Salisbury and the establishment of a church be continued during this year on the provisional basis as arranged until the actions of the Division of Foreign Missions and the Central Conference have been taken, and that in the mean time we come to an agreement with the Synod in

regard to their definition of the area concerned in their agreed alterations of boundry.

(2) We request the committee on finance to implement the recommendation of the Urban Areas Committee for the raising of one hundred pounds required over and above local contributions to conduct the provisional work arranged for in Salisbury during the coming conference year.

(3) We desire that a statement and representation be made to the coming Methodist Ecumenical Conference in Oxford, England and request that E. L. Sells prepare such for presentation to the conference. See following statement.

The Methodist Ecumenical Conference

The Rhodesia Annual Conference of the Methodist Church in session at Old Umtali, 23rd August, 1951, desires to send its greetings and good wishes and to make the following statements and representation to the Methodist Ecumenical Conference which meets at Oxford, England in August, 1951.

(1) The opening of Mission work in Southern Rhodesia under the Methodist Episcopal Church was made possible through the evangelistic work of the late Bishop William Taylor who was greatly loved and used by the Wesleyan Methodist Church in South Africa and who later served as the first General Superintendent in charge of the Work in Africa, namely in Liberia, Angola and Portuguese East

Africa. His successor, the late Bishop J. C. Hartzell received a very cordial welcome in South Africa and as a result of his friendship with the late Honorable Cecil J. Rhodes came to Bulawayo at the official opening of the Railway in November 1897. In collaboration with the Wesleyan Methodist and on invitation of the British South Africa Company he was instrumental in opening the work of the Conference in 1898, in the Eastern and Northern Sections of Southern Rhodesia in the territory agreed to in the division between the Wesleyan Methodist Church and the Methodist Episcopal Church.

(2) The extension of the work of the Methodist Episcopal Church into the Belgian Congo created interests that were ultimately brought together by the Board of Missions in New York, and the work in the various sections of Africa are as closely integrated as possible through episcopal supervision and the Central Conference organization.

(3) The connectional Relationships within Southern Rhodesia and the Other Territories.

(a) Within Southern Rhodesia:

There have been very cordial fraternal relationships with exchange of delegates between the two churches making it possible to discuss matters of common interest and concern. This interchange of fraternal visits has led to a better understanding of our common purposes and aims.

The Methodist Council consisting of delegations from the two Methodist bodies has been a means of interchanging ideas and of sharing as well as propagating our co-operative efforts.

We have freely transferred members from one church to the other in full recognition of the validity of such membership.

The rules for membership and discipline and of both churches were studied and at the conference in 1943 were revised so as to make possible a congenial policy in both churches.

Various organizational activities, mainly between the European groups have been conducted as one, such as: Youth Organizations, Women's Associations and the Sunday School. Thus for this group in Southern Rhodesia there is a Methodist Youth Council, a Methodist Women's Association and a Sunday School Council.

(b) With South Africa there is an interchange of membership although fraternal relations have not been established even though the Rhodesia Conference has made a request for such.

(c) With the other Territories there is an interchange of membership, but no direct fraternal relations.

(4) Interchange of Workers.
The interchange of workers has been mainly arranged between the different conferences of the Methodist Church. Within Southern Rhodesia there has been an interchange

of African Workers with the Methodist Synod in the the urban areas of Salisbury and Bulawayo.

(5) No doubt the time has arrived when a provision should be made for the closer association and co-operation between all Methodist Churches working in African territories. This would make possible a better understanding of each other and of the problems common to Central Africa, especially with regard to a common action essential for the advancement of the indigenous peoples and the relationship that exists between them and other sections of the population.

(6) It is realized that the advancement of such co-operation must take place between ourselves and the Southern Rhodesia District Synod of the British Conference. In spite of the difficulties that have arisen in connection with several previous co-operative efforts it is our desire that future relationships shall be cordial and fruitful in a closer co-operation looking forward to united Methodism in Central Africa.

4. Report of Medical Activities

We wish to emphasize the importance of Health teaching throughout our conference, using the opportunities afforded in such gatherings as Camp Meetings, Bible Schools, Rukwadzano, Youth groups, etc.

We believe that if this teaching could be made available to our Theological and Teacher

Training students, it would greatly add to their usefulness in their future work, especially in helping to spread and prevent disease in our villages and building up a stronger health program among the people they serve.

We continue to stress the value of visual aids in all health teaching. We recommend that the films on health teaching offered by the Public Relations Dept. be procured and used wherever possible. There is need for more health literature in the vernacular.

We wish to emphasize the importance of planning and providing adequate sanitary arrangements before the opening of our camps and various group gatherings.

We are hoping that our African Missionary Society will consider assisting in the maintenance and support of our two Babyfolds. We wish to express our appreciation for the assistance the Rukwadzano women continue to give us in this work, and also for the gifts from individual christian givers.

Appreciation is expressed for the help of the Rukwadzano women in our hospitals, bringing gifts of wood and food to needy patients, cutting grass and cleaning, as well as the prayers and talks with patients which lead many into paths of spiritual truth.

We suggest that the christian people at and near the outstations where our African ministers are located be encouraged to plan for buildings suitable for dispensaries and

nurse's dwellings, to make possible the establishment of small clinics, parents, ministers and all christians must do their part to help inspire and challenge our nurses to go to these outstation clinics, some of which may be in lonely isolated districts such as Chikwizo.

5 Report of Committee on Memoirs

Margaret Jeanne Mansure

Margaret Jeanne Mansure, daughter of the Rev. and Mrs. Arthur Mansure, was born March 7, 1947 at Peterborough, New Hampshire. Like a little flower her life here was not long, for God called her to Himself October 21, 1950.

We think of her as being safe in her Heavenly Father's arms--- "For of such is The Kingdom of Heaven."

Bartholomew Chigubu

Bartholomew Chigubu, son of Rev. and Mai Nason Chigubu, was born February 21, 1949. He died on July 16, 1951 in Salisbury Hospital. He had been ill for several months and had been treated in both Nyadiri and Mrewa Hospitals before he was taken to Salisbury.

Rev. Isaiah Darikwa

Rev. Darikwa began to serve the Lord as a local preacher while working as a post boy in Umtali before his marriage which took place in 1905.

In 1906 he came to Old Umtali as a student. He

taught school at Manyarara in 1910, at Mount Makomwe, 1911 - 1912; Chitumba in Zimunya Circuit, 1913 - 1914; Muradzikwa' 1915 - 1918. In all these places he taught as a pastor - teacher. He was very faithful to his work and to the people with whom he stayed.

In 1924 Rev. Darikwa was received on trial in the Rhodesia Mission Conference and was appointed to serve at Rupinda. In 1926 he was made a deacon and was appointed in Mtasa Circuit until 1932. In 1930 he was ordained "elder." From 1933 to 1939 he served in Mrewa Circuit. From 1937 to 1940 he served in Salisbury. His last appointment was at Headlands from 1941 to 1951.

Rev. Darikwa, died Aug. 17, 1951. His death came peacefully as he sat in the church. He is now resting at the feet of the Heavenly Father in a home of peace where there is no more trouble nor pain nor shedding of tears.

To the beloved families of these three people we extend our heartfelt sympathy and pray that God will be very near to them and help them to bear the sorrow which has come to them in the loss of their loved ones.

6 Report of Committee on Resolutions

Another Conference has drawn to a close having given to each of us a greater understanding of our work and a deeper challenge and inspiration

for the task which lies before us.

This year we regret that Mrs. Booth was unable to be with us as she remained in America to help prepare A-3' candidates for service in Africa. Our hope is that she will be able to be with us next year.

Our heart felt thanks go to our Bishop for his wise leadership and inspirational messages which have helped each of us to see beyond the horizons of district, circuit, station, or conference to the Person of Christ and our relationship to Him and his work.

We have been happy to have Rev. Carter with us and we have appreciated his helpful counsel and cooperation in our work. His devotional message with the clear presentation of the truth that only the Way of Christ can save us from secularism, challenged us anew to a deeper faith in our Saviour and Lord.

We are deeply grateful for the years of faithful service given by D. Mandisodza and B. Katsidzira and as they come to the time of retirement we are confident that they will never retire from serving the Master or His people. Then too, we thank our Heavenly Father for the Divine Call of Service which has come to the hearts of M. Chiza and P. Gurupira and we rejoice with them that they are to receive their first appointment this year.

How glad we are for our new missionaries and for those who have formerly served in China

and have come to carry on God's work here in Southern Rhodesia. May the visions and ambitions of the young, and the wisdom and experience of the old be united to bring advance and victory as together we seek to bring men to the experience, understanding, and knowledge of Christ as their Saviour.

Again, as last year, we wish to express our appreciation to the Old Umtali folk for all the work and effort they have put forth to make our stay so very comfortable and pleasant. Our special thanks to J. Chimbadzwa, A. Mansure and T. Roberts our hospitable hosts. This year, E. Chieza, and S. Munjoma, Mrs. T. Roberts and Mrs. W. Kinyon along with others have managed the meals so very well. To them and Mrs. Jackson who looked after the Children's Dining Room we give our thanks.

What a joy it has been to have our meetings in our beautiful new church. We have enjoyed the choir music and specially the Hallelujah Chorus under the direction of Mr. R. Mupingo.

This year Virginia Priest was kept busy caring for registration, appointments, special typing and stenciling. We do appreciate her willing service.

We would like to recommend that at the next conference we might have some time set aside for recreational activities. Then too, we would suggest that more time be given for united prayer and spiritual fellowship one with another and with the Eternal one.

7. Report of Urban Areas Committee

1. We recommend that two W. D. C. S. Missionaries be appointed to location work in Umtali for social work and religious education.

2. We recommend that a second minister be appointed to Umtali to work in the Urban area.

3. We ask the government to appoint a school council for Sakubva to have two missionary representatives to assist in arranging school plans.

4. We urge that those responsible in Umtali exercise the right of entry in to the government school Sakubva, for scripture instruction:

5. Seeing that the Salisbury Church is not yet quite on its feet financially we therefore ask the Conference to raise £100 towards Salisbury Church needs.

A report of the Salisbury provisional work follows; The Work in Salisbury

Last year Conference decided to open provisional work in Salisbury, and to ask the Division of Foreign Missions for approval for securing land and for the erection of a Church and parsonage. Rev. Samuel Chieza was appointed to this work and moved into Salisbury in January, 1951. We were very fortunate in being assigned a house within the Harari African Township, well centered for pastoral work, and close to the large African School Building. Church services began in February with a small

group, which has grown to about 340 at the present time. The people meet each Sunday afternoon in the open air under the trees near the school building. Rev. Chieza was very happily welcomed by our people, and he has been greeted as a friend by the ministers of the various African churches.

Although it was obvious that our real need was for a church site in the Harari Township, we were told by a responsible Government official that it was practically impossible to obtain a site there, and were advised to apply for a site at Donnybrook (Mabvuka) African Township. Application was made, and the Salisbury Municipal Council granted us one of four new church sites at Donnybrook. This is a new location about eight miles from the city but a part of the Municipality of Salisbury, and meant to provide homes for African people working in and around Salisbury. It was estimated by one official that it may eventually become an African city of 50,000 people.

The people of our Church have continued to worship together each Sunday under the trees. It is plain that the pressing and immediate need is for a church building in Harari. We learned later of certain changed circumstances and it appeared that there was still a chance that the Council might grant us a place for a church within the bounds of Harari. Application has therefore been made to the Council for a place within this location. The Council replied that new

bye laws are being drawn up governing the granting of church sites and that our application would be considered in the light of these bye laws when they have been completed.

About 340 people are meeting together each Sunday. They are greatly handicapped without a building. But they are glad to have their own

Pastor and happy in worshipping together in their own church services. The Field Committee in April voted to ask the Division of Foreign Missions for \$40,000 for a new church building. If the Council grants us a site in Harari, this is the place to build it. We hope our Conference will go forward with this project.

E. COMPOSITE REPORT OF DISTRICT SUPERIN- TENDENTS

Bishop Booth and Members of Conference.

Fifty-four years after the beginnings of the work of our Church in Rhodesia, we assemble in Annual Conference again. As one reads and studies the reports of the work given in 46 previous conferences held-most of them here at Old Umtali where we are now assembled, - one is made conscious of a continuity of purpose of the 4 Bishops, the more than 200 Missionaries and African Ministers as well as the large number of Lay Workers of the Conference who have laboured as co-workers in the work of the past years. Almost without exception there is seen vividly portrayed, Compelling Challenge; Great difficulties; Willing effort and Wondrous victories for the Kingdom of God. We might well stand amazed today as we compare the present with the past and say "What hath God wrought!"

This report which is expected from the District Superintendents of the Conference is for the three-fold purpose of recording the history of the past year in the work of the Conference; of informing those who are interested in the progress of the Christian work among the people here; and for the appraisalment of the past efforts for the sake of the future.

The appointments of last Conference designated the work of 66 missionaries, 15

locally employed European workers, 30 African Ministers, 14 African lay evangelists, and some 620 African teachers and hospital workers, - a total of 745 appointments. During the Conference year there have been more changes in personnel than usual. Seven of the European contract workers have left. In addition to these Rev. and Mrs. T. A. O'Farrell, Rev. and Mrs. M.J. Murphree, Rev. and Mrs. C.E. Fuller, Mrs. Velma Huie, and Mr. and Mrs. Herman Christian, Mr. and Mrs. Jim Christian, Miss Sarah King, Miss. Beulah Reitz, Miss Lois Pfaff, Miss Elma Ashby, and Miss Marta Bjurstrom, a total of 16 missionaries went home, either on furlough or to stay. While losing this large number, some only for a while, we have been pleased to welcome back from furlough Miss Helen Wildermuth and Mr. and Mrs. Tudor Roberts. Also we welcomed into our fellowship for the first time Rev. and Mrs. Arnold Boucher, Miss Virginia Priest, Miss Sylvia Aldrich, Mrs. Pearl W. Jones, and Mr. and Mrs. Ivar Wang Jansen as well as Mrs. Wilhelmina Gazeley who has returned after a lengthy absence from the field, and Rev. and Mrs. J. C. Boltman who came to take the positions of headmaster and teacher in the school at Mutambara. We also greatly rejoice in the word that other new missionaries are expecting to be with us soon.

With this great body of workers what a might potentiality we have for bringing in the Kingdom of God if every one of us would take sufficient

pains to be clearly convinced as to the will of God and our place in it, in the particular task assigned to us in the many sided and widely spread programme of the Conference. May we care less whether we are the head, the foot or the hand but rather how we may faithfully fulfil our particular duty as well as a member of the Body of Christ's workers in this Conference.

Following close on the delightful and profitable visit of Bishop and Mrs. Clifford Norhcott during and following last Conference we have had further visits of Bishop Dana Dawson of Kansas Nebraska Area and of Dr. Ralph Dodge, the Board's Associate Secretary for our work here in Africa. African Missions have come into their day and we rejoice in these official visits which will greatly help the Home Church to get a clearer view of its work in the mission fields. We commend the action of the Board of Bishops in arranging for these more frequent episcopal visits to our Rhodesia Conference.

His Excellency, the Governor of Southern Rhodesia, Sir John Kennedy and Lady Kennedy again this year paid an official visit within the Conference on the occasion of the opening and dedication of the Ehnes Memorial Church, the Governor showed his interest in and knowledge of the work of our Church throughout the years.

As we view Darkest Africa as seen in Rhodesia, we are forced to say that it is still dark although perhaps many

shades lighter in some respects, and we trust it is emerging from many of the things that have thrown the dark shades over the lives of its people here. It has often been said, and perhaps with some truth, that there has been too rapid an advance here in the last half century that Western civilization first touched and then enveloped the country. The earlier missionaries of our church here hoped for churches but did not dream of such rapid changes that have come to pass and of course could have wished that some changes had taken a different course. The Social and Economic conditions have revolutionized the life of the whole people and though many blessings have come, many new phases of evil have also appeared. Christian Missions came in with the beginnings of civilization. Without this Christian influence we hardly dare to think of what the development would have been. Our task still confronts us with increasing demand and urgency.

During the year our work has covered the wide range of various activities as in past years. Within our eight Conference Districts we have six Central mission stations where the more intensive and advanced training is undertaken and where most of missionary staff resides. In the Districts radiating out from these centres are the Circuits containing more than 300 preaching stations and 184 schools, thousands of villages and many more thousands of homes from which

the children come into the schools and the older people to the churches. It is here the beginnings are made and it is from these homes, villages churches and schools the centres draw those who are to get further and higher training for all walks of life as well as for Christian service within the Church. All efforts are put forth to bring the larger life to all the people in the Name of the Master who said, "I came that they might have life and may have it abundantly."

To take up the various agencies employed to bring this enlargement of life one can begin anywhere and end anywhere for they are all to the same end. Whether the preacher farms or farmer preaches, for they each do both of these, it is to the same end that each Conference worker labours. Yet it should be recognized that in it all must be the central motive of helping every soul of man to rightly relate himself to God. Others may help in the educational social, economic and health encouraging agencies but it is the special duty as well as privilege of the Christian missionary, minister and worker to evangelise and stress the religious and spiritual in the lives of the people.

Educational Work is an essential of primary importance in Africa. It is a far cry from the early efforts within the Conference to induce the African to venture within the school-room for the purpose of education, often by means of pay-

ment of a wage for duties done outside of school hours, to the veritable avalanche of would be pupils of the present day. The numbers who would go beyond the first half of the primary education are increasing beyond the capacity of school-room space, teacher man-power and financial cost. From all the mission stations come the same report that applications for a place in the higher primary standards 4, 5 and 6 far outnumber the available spaces for the next year almost before the previous year has started.

At Mtoko, Nyadiri, Mrewa Old Umtali and Mutambara the schools have been full to capacity in regard to the staffing problems. At Mutambara dormitory accommodation could have housed more than the 98 girls and 140 boys accepted but higher trained teachers for the standards 4, 5 and 6 were not sufficient for more classes. At Mtoko the same situation is true. Standard 5 could not be undertaken for lack of suitably trained teachers.

We were fortunate in securing the addition to the Mutambara Staff at the beginning of the year of the Rev. and Mrs. J. C. Boltman who came very well recommended from S. Africa. Besides being headmaster of the school Mr. Boltman teaches a standard 6 class. Mrs. Boltman also teaches a standard 6 class. Without these additions we should have been forced to reduce the upper standards as the Education Dept. would not approve for

any further period most of the of the existing African teachers on the staff for these standards. It is important that we take a fair proportion of our pupils through standard six as it is from these we get our students for the secondary and theological school as well as for the teacher-training.

At Mutambara the first unit of the new school building was put into use in January. Its compact block of large rooms greatly aids in efficiency of the school. It is hoped that the remaining units can be built soon.

The Theological School has promise of having enough trained men to meet some of the present needs for additional ministers as well as filling places of men now nearing the retiring age. There are fifteen men now in training. The last Field Committee meeting requested additional appropriation to assist the families of the men in training and for enlarging the library of the Theological school. The raising by the the government of the minimum requirements of training for men teachers in the village schools this year and a similar action for the girl teachers for next year point to the trend towards a more highly trained school leadership. This fact reminds us that the requirments for admission into and graduation from the Theological school must be such that our future ministers may be prepared to give the most effective spiritual leadership in an Advance for Christ and His Church.

The Secondary School at Old Umtali is in its second year and has a new class of 15 making in all in first and second years a total of 44. This year the first unit of the secondary school building was in use. The second unit has been started. We eagerly await the the graduation of the first class of those who will take their exam. for Junior Certificate in 1952 and hope that many of them will then go on and take the Higher teacher Training courses now available. This will then fit them for teaching the higher standards in our Central Primary schools for which positions so very few African teachers now in the country can qualify.

The Teacher Training School at Old Umtali is looked to by every district in the Conference towards the close of each year hoping for reinforcements in the way of trained teachers for the schools of the districts. Our number of Trained teachers is a much smaller proportion of the whole than we could wish. The new Government regulation denies the approval to open any new school in any mission which has below a certain proportion of trained teachers to the total number employed. Unfortunately we are below the proportion set and so are unable to open any more schools until this is changed. It was hoped that two classes of first year students could be taken into training this year but it was found possible to admit one class only. At present there are 10 boys and 11 girls in

the first year classes and 14 boys and 9 girls in second year making a total of 44 in teacher training. It is unfortunate that some of those who are trained as teachers do not continue in the teaching profession for very long. Lure of the life in the towns and of work paying better wages overcome any sense of vocation some of these may have had. Happy will be the day when we can have sufficient well-trained teachers who are also devoted to their calling in the uplift of their people. We need to spare no effort until this end is accomplished.

The village schools, nearly two hundred of them, are where most of our Conference workers have laboured with more or less faithfulness and success. Dotted over the Conference area in these schools Sub. A. children have taken their first slate and first book in their hands this year. Some of them will in 8 or 10 years time enter our Secondary school or perhaps, a little later our Theological or Teacher training school. We must deal wisely and faithfully with them during these intervening years.

There has been considerable progress during the year in school building projects and in the building up of school equipment. Most, if not all of the cost of the village school building has been undertaken by the people themselves. The Umtasa-Makoni District reports that many new buildings have been built

to take care of the enlarged classes and more houses for the increased teaching staff. The Umtali District erected for the African assistant superintendent of schools a brick dwelling of five rooms and a kitchen at Mt. Makomwe. This building also has a permanent asbestos roof. In the Mrewa District at Nyamutumbu and at Chamapangu new school buildings are shortly to be occupied. At Jacobs the walls of the school are up ready for the roof. At Muchinjike bricks for a new building are now being made. Additions are being made at Mazianyika and building has been restarted on a new school at Mrewa Kraal. In the Mutambara District four new school buildings have been erected.

The equipment of schools has been materially increased during the year, through the aid largely of Government grants and in some cases assisted by school fees. The Umtali District schools have had 175 new desks and 15 teachers' tables which met the new requirements of the Education Department. In the Umtasa-Makoni schools 50 desks 40 benches, 30 chairs and 30 blackboards have been provided. In the Mutambara District schools desks and tables have also been added. Presumably we have met the requirements for to-day but hardly the needs for tomorrow. The library policy of the Government in giving grants for mission Centre schools allows for greatly added equipment each year in these schools also.

Some districts have had more difficulty than others in staffing the village schools. The lack is not so much in numbers of teachers, although we are short of trained teachers as in the better and higher trained teachers now demanded for all classes above standard three. Several standard four classes have had to close down because of this lack owing to the raised requirements of Education Department.

The primary school in Umtali, by far the largest school of our Conference has now been taken over by the Government. The pupils numbered about 1,300. Until January of this year the school was a united school under Methodist superintendency but held in many buildings in various parts of the African Location. A new school was built by the Government but it was not nearly large enough for all the pupils so they still use our church building and those of other churches to accommodate all until they can build another section of the Government school. Whether or not we have lost much of our missionary opportunity by the change over remains to be seen. The Roman Catholic Church has retained its primary school in the Location according to its world-wide policy.

The Church around which all other Conference activities centre continues to grow in numbers of membership and in its activities to some degree encouragingly. Here would be the place to say how we re-

joice that at last, at our Training Centre at Old Umtali, a large and adequate church building has been erected in a central position on the campus. That is centrally located is very fitting. The small Anglican-built Church, inherited when our mission was first founded has been a very useful building for worship services and Annual Conference sessions from the beginning, but for more than thirty years it has not been large enough to accommodate the Sunday congregations. Recourse was made "for the time being", which was a very long time indeed, to the use of a hall for services. Africans have said on scores of occasions "Why is it that you build a nice large school building before you build a church?" It is now here and the people greatly rejoice. At the dedication of the church by Rev. M. J. Murphree vast crowds were present from all parts of the Conference. Dr. Ralph E. Dodge preached the sermon on this occasion. The crowds many times filled the large church and there were repeated services during the day for those who could not enter for the first service. Among the crowds there were hundreds of Europeans present for the opening and Dedication service.

We now have adequate and church-like structures at Mrewa and Old Umtali as well as St. Andrews European Church, Umtali. Adjustment and renovations on the church at Mutambara for the past three months and continuing will

put it in the same category and will allow the asking for the new church to be withdrawn. The addition of a tower to the Hill Top Church in Umtali greatly improves its appearance and changes it from a non-descript building into a church-like edifice. A balcony has been built inside. If the recommendations of Mr. O'Ferrell to add further changes to the inside to make it more useful and attractive, this also will be added to the fore-going list. Askings and plans for church buildings for the other two remaining centres, Nyadiri and Mtoko have been made. I hope we shall not rest until these two projects are complete.

More and more the people in the village stations are becoming dissatisfied with having only one building for both church and school. In the majority of our stations now the people have erected a building dedicated and set apart for the purpose of the worship of God and they often go to great pains and cost to have them worthy of this purpose. A number of such have been built this year. In the Mutambara District one church, well built of brick and with pulpit and altar rail has been dedicated and two others will probably be dedicated before the end of this calendar year.

Our African ministers have a wonderful opportunity in Church work for they are little, if any, hindered by having to engage in the educational programme of the Conference.

Several District Superintendents have reported the good work done by the ministers in the circuits. Two new preaching places were opened during the year at Chitowa and Nyazena in the Mrewa District which district also reports that many beginners have been received due to the class meetings held at the stations. Stewards and Local preachers are doing good work there and old people, men and women, have joined the Church. Another minister is needed and asked for on the Mrewa North Circuit. Quarterly meetings are reported to be well attended on the Umtali District. Two successful Sunday School Institutes were held on the Old Umtali Districts by the Assistant Director of Religious Education, Rev. Josiah Chidzikwe. One of the several outstanding events on the Umtasa-Makoni District was the District Conference at Gandanzara. Local Preachers, stewards, ministers and teachers and cycled there from distances as far as sixty miles. It was a real planning conference and the Local Preachers had refresher courses or preaching, ritual and all phases of our church polity. A visitation programme was planned the results of which were well worth the effort. The Conference also voted to accept a new financial programme which meant placing as their goal self-support plus funds sufficient to send out a missionary from their own district. The Quarterly Conference of the Mutambara Dis-

strict requested travelling plans be set up for the evangelists. They will visit all the stations every quarter and take special care of the more undeveloped places. Church collections in the Mutambara Circuits show a slight increase this year. At Mutambara Centre a preaching mission was held during Easter week with very gratifying results. A class of 22 boys and girls who have been under special instruction for nearly a year was through the Confirmation Service taken into full membership of the Church. Mtoko reports and upward trend in church life both in spirit and attendance. The church there became so crowded that a childrens' Church was started and has been cared for by Miss Forrest assisted by other workers. At Hill Top Church in Umtali at the last Quarterly Meeting services 52 infants were baptized and 137 persons were received into the Church membership. Evangelistic efforts and home visitation in the Honde District have had good results. The preaching places there are now seven and the membership is growing.

Since January Rev. Samuel Chieza has been working among our Church members who are living in Salisbury. He reports congregations of from 300 to 400. No site in the Salisbury Location has yet been granted for our church work. No building is available and the services have been held outdoors under the trees. At the June Quarterly Meeting 72 people took the Sac-

rament of the Lord's Supper. Class - meetings have been organised there.

European, Coloured and Indian work have their rightful place in this report. Among the Indian population as much work as possible has been done. Although the response has been poor there is every reason to be encouraged. A programme of visitation among the coloured people has been carried out and a large number have responded with a fairly good attendance at Church services. A preaching mission was held last October in the new Beit Hall in Florida for this section of the people. This was well attended and substantial results were accomplished. Scripture is taught in the Baring School for coloured children each Monday. There are 15 attending this class.

There has been a large increase of European population mainly due to immigration. The housing position has made it very difficult for these families to establish themselves in their new country. This has caused an uneasiness and insecurity that has reflected itself in the lack of interest in an kind of community life. Thus the main emphasis has been placed upon visitation and trying to help them maintain their church connections and interests that were such a part of the life of the communities from which they have come.

Throughout the Eastern section of Rhodesia regular services have been held in as

many places as possible. We have been unable to meet more than half of the requests to hold services due to the lack of regular preachers. Services at Cashel Valley in the Farmers Hall have been well attended; services at Rusapi, Makoni and Inyazura have been not only well attended but there is considerable enthusiasm for building up each unit. Very substantial financial support has also been contributed by these places. It is regretted that it has not been possible to hold regular services at Hot Springs Melssetter, Penhalonga, Odzi, Inyanga and Headlands. A large number of Methodist people are living in these untouched places. Rural visitation has been done but time limits the extent of such important work. The Women's Association has arranged to organise branches in Inyazura and Rusapi and hope that later on this can be done in the Cashel Valley. In Umtali the Womens' Association has been busy in contacting those who have recently arrived and have greatly increased their membership. The Association is raising funds to assist with the support of the missionary work of Miss Tubbs and is sharing in other missionary activities both in the Eastern section and other parts of Southern Rhodesia. They are also raising considerable funds for the church hall including equipment and furnishings. They hold their business session on the first Tuesday of the month and their devotional

meeting on the third Tuesday.

The Youth Club has grown rapidly and without adequate accommodation find their work seriously handicapped. During the year they have been meeting every Friday evening at Wesley House. Their programmes include devotional evenings, games and recreation, camp fires and camping. The Umtali club is a part of the Methodist Youth Council and is affiliated with other such Methodist Youth Clubs throughout Rhodesia. The minister of the church is the chairman of the Council. There is a total of 54 members in the senior group and 20 members in the junior club. Three youth camps have been held during the year with a total attendance of 140.

The Sunday school continues to grow. There are now 120 attending. We also have the privilege of teaching Scripture in the Government schools. Twelve classes are held each week with 325 children in these classes.

During the year 29 new members have joined the church and 24 have been received by transfer. Thirty one infants and four adults have been baptized.

The new church-hall contract was let for £5,985. and the work was started in June. There is still £1,500. to be raised before the completion of the hall (about February 1952) clear the building and to provide equipment. Plans for securing this are well in hand. The hall provides a large room, two classrooms, church

office, kitchen, verandah and two washrooms. It is also hoped that funds will be available for an assembly room at the back before the building is completed.

During the year the church renovated and painted Wesley House at the cost of £100. The financial balance sheet for 1950 showed an income of £1,094. 10. 6. with an expenditure of £1,061. 5. 8. During 1951 there is expected a substantial increased income due to reorganization of the envelope system. The amount towards the minister's salary has been increased and this will further increased in 1952.

In regard to the future planning, greatest efforts need to be along spiritual lines and the bringing of many of the new people who come from a Methodist background into the Church. It is planned to hold a preaching and visitation mission in October if help is available. Also with more Local Preachers available for Sunday service it will be possible to extend the circuit work and hold, at least, twice as many services each Sunday in the rural areas of the Eastern section.

The Wednesday evening Fellowship has continued very effectively throughout the year. It has been held in the various homes in different sections of the town and in addition to those who attend regularly we have been able to contact a large number of our people in these sections. The leaders have been drawn from those attending the times of fellow-

ship and prayer together, and this has meant considerable strengthening of the spiritual life of the Church. The attendance at Church services has been good though the increase has not been in proportion to the increase of population. Thus the challenge is given greater to definitely connect up with the Church the Methodist people who have recently come to the town.

It is planned to secure church-hall sites in the fast developing suburbs of the town where Sunday-Schools may be held and regular preaching services conducted. Umtali will soon be too large to expect every one to come to church in the centre.

The various societies within the church have continued to show virility and fruitfulness in their efforts. The past two decades of the development of the women's society, the Rukwadzano Rwe Wadzi-mayi, has transformed the outlook and opportunities of the women of our church. Their capabilities of leadership and initiative are now very evident. Their two annual Conventions, one for three Northern districts and the other for the five Southern Districts have become the great days of the society. For years the development has been from strictly a Convention of its members to a large and effective evangelistic effort drawing together large number of outsiders and non-Christians. The Southern Convention this month was at Dambakuriuwa in Mutambara District. The attendance this

meeting which lasted over four days was several thousand people, and on Sunday 14 ministers and missionaries administered the Sacrament of the Lord's Supper to 1,319 church members. There were several preaching services each day conducted by the women and a number of people were reclaimed and converted from heathenism to the Way of Christ. The Northern Convention also meets this month.

The real and primary place of this society is by smaller groups, each in its own station. The reports of their small acts of charity and neighbourliness here and there, their regular visits with cheeriness and prayer with the sick twice a week at the Mutambara hospital, the cutting of grass and wood and the digging of gardens for those in the villages whose misfortunes do not allow them to do it for themselves as well as many other things testify to the genuine faith and works of these women.

The **Medical** work, centering chiefly at Nyadiri, Old Umtali and Mutambara, has during the year had a good year of work. While the Government Medical Department is very greatly extending its work in the African reserves there is still a place for our missionary medical programme which is welcomed by the Government and assisted liberally by grants. The hospital at Nyadiri with Dr. Sheldon, two missionary nurses, two male and three female African nursing assistants has a full programme. Improvements are continually

being made to bring the work up to a higher level. The African Nurses Training Dept. in connection with the hospital has 33 students in training in the three-year course given. At Old Umtali with Sister Margit Johansson in charge with two graduate assistant nurses the department cares for the needs of the mission school pupils as well as residents of the surrounding farms and near-by reserves. There is no doctor within 10 miles. They have had 172 maternity cases this year. Two of the buildings have had grass roofs replaced by permanent asbestos roofs. At Mutambara last March there was a "ground breaking service" for the new Mother Hughes Maternity Hospital. Bishop Dawson, whose Area contains the Central Kansas Conference which promised funds for the building was present and took part in the ceremony. He announced that the funds promised had been raised in full. The Isolation ward here has already been finished and this year is occupied as a maternity ward until the new building is erected. Plans have been approved and about 150,000 bricks are ready. We are now awaiting the expected arrival of a missionary builder. Mutambara is 50 miles from the nearest hospital and doctor. The four out-clinics opened last year and visited once a month by Sister Ruth Hanson are this year visited twice each month. These visits are much appreciated and the clinics are well attended. The figures of these

three medical centres, which do not and cannot measure the great results of love and prayer which have gone into the work, do show somewhat of the extent of the work done. There have been 396 maternity cases; 44,022 inpatient days care; and 51,779 out-patient treatments. The command "Heal the sick" is being carried out in the Conference programme.

The **Mission Press**, like any other good missionary project, has never yet overtaken its programme. The opening words of the press superintendent, Rev. Frank Jackson, in his report are "This has been a busy year at the Press." And so it should be according to the genius of the Methodism, for we believe in the power of the printed word. Measured in financial terms the turnover has averaged £200 per month and orders still pile up ahead. Better and up-to-date machinery is needed. Some of us know that in the case of at least one machine, its wheels have been whirling daily for the last forty years. A new machine for casting the peculiar characters of the Shona alphabet has been installed this year. The fear is that the paper shortage will curtail the production. In May the press took over the business of the Old Umtali book store.

The **Urban Problems** of Umtali needs immediate and serious attention. There has been a tremendous growth in the African population of Umtali in the last four years.

Our church there is packed on Sundays but even then we know that many of the people we have trained in the rural areas find themselves in such very different surroundings that lead them into ways foreign to the Christian Church. The most acute need is for a Social and Religious Education Hall. Mr. O'Farrell, who has been in charge of this work for the past two years says that "Except for the churches, I do not know of any place in the whole Urban area where as many as twenty young people could meet socially under anything like wholesome conditions-and at present the churches are not adequate for all this." There should be rooms where different groups could meet;- M. Y. F. younger children, young married folk, men, women, families. Mr. O'Farrell continues "I am convinced that a good social programme is essential in the technique of dealing with these Urban people." Unless we can offer counter attractions to those which have positive harmful effects we cannot expect that our young people going to the new and fascinating town life will continue to live according to the standards taught in our village churches. It is not wisdom to put so much effort into teaching and training our young people in the villages only to lose so many of who go to town to work.

Work in the Railway Location presents many difficulties. Many of the people there are actively non-Christian and

resent any attempt to offer them social or church privileges. For this reason the Sunday School and Church groups are not large but with the continuance of the Sunday services in the hall there, a more friendly attitude is appearing. Last Christmas the Railway officials co-operated with us in putting on a fine programme and supplied the decorations and presents. More than 600 children and many adults were present.

The African Girls' Hostel in Umtali which was the first of its kind in Rhodesia has made advancement this year. The completion of the new dining hall, kitchen and store rooms, fill a long felt need over a long period of years. These new additions were made possible by a grant from the Government.

An appropriation of 3,000 dollars from the Women's Division for renovating the dormitories and providing beds has been used for this purpose. The walls; which had never had anything but an occasional coat of whitewash were scraped, plastered and tinted. Each room has a built-in wardrobe and each girl has a bed. There is now a room for transients. The old "prayer-room" which had been outgrown for some time, has been divided into six additional dormitory rooms. Even with these additions, there is a lack of room for girls needing it. 11,200 dollars have been asked for the building of additional dormitories. It is hoped that the Government or Municipality

will assist on a £. for £. basis.

The Domestic Training centre, adjoining the Hostel grounds, is under construction with funds from the Beit trustees. It is the hope of the Committees that through this Centre, many of the girls in the Locotion will find a door into wholesome and useful services. It is obvious that greater demands will be made on the Hostel as a Social and Religious Centre as well as a dormitory. Hence the urgent needs for enlargement.

The Hostel class meeting continues to grow in interest and attendance. Many girls working in town but who do not live at the Hostel attend this meetings. Nearly every week girls visiting in town find their way to the Hostel at this time. The Hostel together with Umtali Mission share the expense of a bus to take the Hostel girls to Hill Top Church every Sunday evening for the meeting of the M.Y.F.

The Rural Extention Work under Miss Lulu Tubbs has continued to give a much needed touch with the people in their homes. The need has never been greater than now for missionaries who know well the life of the people and who could be freed from the tasks at the centres in order to go out into the reserves and stay among the people long enough to visit in their homes, talking to and interesting themselves in the problems of their life. During this year Miss Tubbs has held, with the help of ministers and other missionaries one-ten-day Bible School for women in each of the Mrewa, Nyadiri and Mu-

tanbara Districts, and two Daily Vacation Bible Schools for children at Chitora and Baizley Bridge. In her home visitation much Christian literature and Bible pictures or picturs of Christ have been put in the homes. A large building to house about fifty women has been built at Mutambara for the Bible Schools. The people from all sections of the Conference are calling for these Bible schools. With a lorry and trailer extended visits in the reserves are possible and much appreciated by the people.

Our **Farms** occupy a prominent place in the economy and programme of our mission. The land of the world is fast becoming considered as a sacred trust. With populations rapidly increasing and scarcity of food in many countries acute, the Governments of the world are taking serious thought and land conservation is in the programme of every right thinking nation. Rhodesia has been said to be well to the fore in this and our Conference can claim that we have just reason to be counted in this movement, for contouring and terracing of farming land in Rhodesia had its inception on our Methodist mission farm at Mutambara under the direction of one of the oldest of our present missionaries, G. A. Roberts, who also was one of the earliest agricultural missionaries to work in the colony. In keeping with the national drive for greater food production we are seeking to at least grow food enough for all our boarding schools and if possible have a surplus for disposal. We have good farms

for the most part and have during the last year added new machinery on the Nyadiri, Old Umtali and Mutambara Farms. The coming of Mr. Wallace Kinyon to Old Umtali and the hope that missionary agriculturists will be available for two agricultural centres, if realised, should bring the possibilities of profitable use of our land much higher. Last year the prospects of good crops were very bright until towards the end of the growing season. Then came what is referred to as "Black February" and during that vital month which is generally the month of the whole year with the greatest rainfall, not a drop fell. This reduced the crop to a very low percentage at Nyadiri, and to a considerable but less degree at Old Umtali and Mutambara. Old Umtali has now built a water storage dam of 75,000 gallon capacity which should be a good insurance against such heavy losses through drought. Besides raising crops agriculture is taught at all centres where we have farms.

Building activities have been evident throughout the whole Conference this year even perhaps to an unprecedented degree. It seems to be very true that a mission station cannot "keep house" without a pile of bricks and indeed, this year, a number of the mission stations have used up many quite large piles. A carefully computed estimate shows that altogether on our mission stations well over a million bricks have been made and used. The

following is a list of the buildings erected including some that have been mentioned before: At Old Umtali, the large new church, the outstanding and striking mission entrance gateway, three African staff houses, three buildings transformed into missionary dwellings, residence and office for literature secretary, Fairfield Department office first unit of secondary school with girls' domestic science building and second unit of the secondary school started. At Nyadiri, a missionary nurses' residence. At Mtoko, a temporary Missionary residence. At Umtali, the complete renovation of Figtree Cottage, a tower added to the Hill Top church. New dining-room, kitchen, and store-room as well as additions to the dormitories at the girls' Hostel and at St. Andrew's hall in process of construction. At Mutambara, enlargement of African Nurses' home, the completion of the section of new school unit and school sanitary block, school janitor's house and kitchen, two water purifying tanks, remodelling of old post office into a missionary dwelling additions to the church, a large dormitory building for the women's Bible school as well as at the girls' department a workman's dwelling and three buildings in the new dormitory block and four more now under construction. Probably quite another million bricks have been put into church and school buildings in the new villages through out the Conference.

Our Special needs as we view the past and future of our work would point to the demand for better trained African workers to be able to measure up to the continually advancing requirements. Many positions now necessarily occupied by missionaries could then be taken over by these African workers thus releasing the missionaries for work out through the villages in the reserves. Let us then lay more and more stress on training, Secondary Education and looking toward College and University; Higher teacher-training; better and advanced theological training. We should however not fail to realise that all the training we can give to our ministers and evangelists, to our teachers and workers will not accomplish our purpose unless those we train have as a basis of their lives the vital and experiential knowledge of sins forgiven, and a true Christian experience that links them to Christ in His teaching, in His example and in His sacrifice. Let us stress this in all our thinking, in all our planning and in all our doings.

As we look out toward the future we would say Happy indeed is the missionary and African minister and Christian who glories in his calling, who willingly endures such hardships that his appointment calls for as a good servant of his Master; who can profit by his mistakes and be humble in his successes; who can in stress and demands of our modern life keep first things

first and cultivate his own inner spiritual life; who in the confusion of the age can clearly discern the right course of action; and who has the real experimental knowledge of the Love of God so that he has a helpful message for the needy world. May this be the portion of each one of us as we leave the past to enter the portal of the new Conference year, giving God the thanks with whom alone we have come thus far. And as we look out upon so confused a world, and upon so confused a people as our own people here around us, may we go again and often to the only Wise God, through Jesus Christ, for strength, for counsel, direction and inspiration without which, indeed, a Christian worker is lost and undone.

F. Report of Council and Societies

I. African Christian Convention

The 23rd African Christian Convention of the Methodist Church at Mundenda Station Aug. 13-15, 1951.

The following are the Resolutions to the Conference.

1. Seeing the danger lying before our Church in the future, we request the Conference (a) To re-establish evangelical courses at the different centres of our Mission, to train unordained church workers, and (b) to make a strong effort in inviting many young men to the Ministry course. In these ways we may meet the crying

demands for Spiritual work in our church.

2. We believe that we should have in our church African deputy superintendents to assist in the church work. The European superintendents shall help these African deputy superintendents to do this new work.

3. We believe that our retired ministers should receive an increased amount from the present funds on hand.

4. We humbly ask again that the principals of our mission centre schools, Boarding schools, Kraal schools, consult with the school faculties, and make a serious investigation before a student is expelled from school.

5. We believe that Sunday School, M. Y. F. are good for moulding the characters of our children. but we should add lectures by older people on customs, and that books be printed to teach boys and girls about good behaviour, courtesy, marriage, etc. We strictly oppose those leaders who allow school children to play "Tsaba Tsaba" or Chikwiziri. We ask Rev. L. L. Tubbs to print in Chimanyika books on the above mentioned teachings, including European and African customs. We recommend the following committee to work with Rev. L. L. Tubbs; Rev. J. Chimbadzwa, Mai Kuhudzai Mai Nyika, Mai Chimbadzwa, Rev. S. Munjoma, Mai Munjoma, Mr. E. Muringapi, Rev. J. Machiri, R. M. Chiza, and Thomas Machiwenyika.

6. Chikwizo report by Rev. D. Makuto. We have at Chikwizo one big church, school, clinic and 6 preaching places.

7. (a) We see that District Superintendents and pastors are neglecting laws of Christian Marriages. We ask the Ministers to refuse to solemnize the wedding of a boy who spoils a girl, pays damages, and then refuses her wishing to marry in church a better one.

8. We ask that Native Commissioners should order the rate of pay for supporting the child to be paid by the boy who has damaged the girl. If he refuses the mother and the baby, then we ask the Native Commissioner to make it clear that he can never have the child later.

9. We of Christian Convention do praise God for hearing that many of our members are coming back from Mushakata to our church and we agree to receive them back.

We now request the conference to decide what we shall do with members coming to us who were baptized or received into probational membership by Machingura?

The following are the office bearers for the following year.
Chairman....Rev. J. Chitombo.
Vice....".....Rev. E. Jangano.
Secretary....R. M. Chiza.
Vice....".....Eric Munjoma
Treasurer....Rev. J.G. Nduna.

Ngariende officers for the following year.

Chairman..Rev. J. Chimbadzwa
Treasurer.....Rev. J. Rugayo.

2. Methodist Historical Society

The following were elected:
PresidentG. A. Roberts.
ViceTitus Maranke
Secretary...Treasurer V. Otto
Archivist.....E. L. Sells.

The Archivist outlined the work of the Society and the urgent need for a Museum at Old Umtali.

3. Rukwadzano Southern Section Report

"Thy Kingdom come" It was God's kingdom on the earth when Jesus was on earth going about doing good; helping the sick, feeding the hungry, preaching to the poor the good news which made their hearts warm and happy.

"Greater works ye shall do." We report with gratitude to the Christian community who through their prayers made us able to do these works.

MUTAMBARA REPORT:
Bringing fire wood to dispensary, as they see the need, one time they gather the wood and hire the lorry to carry for them. Wood and ufu to Mai Maremba, who has been in the hospital for all the period of working in the field, wood and ufu to Baba Rusawao an old cripple man at the reserve; a dress and cap to Katherine Munjoma a long period sick member of R. R. W. Four times they went to pray with Chief Mutambara plus one time of work in his field. Clean the Eriksson's yard when they were about to come from their leave. Mutambara sent a gift to Mrs. Dawson through Bishop Dawson; gave a gift of farewell to

Mai O'Farrell.

UMTALI gave one pound and ten shillings for the death of Isai Cazuwa, one of our Mubvuwi helped a woman who had a child die in Umtali on her way to Gazaland the Rukwadzano stood as relatives doing every thing needed for the burial and took care of the mother till she left. Gave a gift of farewell to Baba and Mai O'Farrell our ever remembered missionaries among the old and young £27- 1- 3. for the church. One pound to the twins left by their mother who died.

Chipfatsura went to Mape-mbe to cut grass for the teacher's house, seven pounds for the thatching. Muziti made bricks for the teacher's house plus seven pounds to help the building.

Nyakatsapa carrying wood to the clinic for sick people.

Old Umtali visiting the orphans some times carrying vegetables to them.

Mundenda every day have to take turns to carry food and water and clean the room of a sick man near the station with no one's care.

Zimunya South, helping our sick six widows in weeding time, in their gardens three gardens of our none Christian old neighbours work in the garden of Ishe Munyarari. Gave five pounds to Quarterly collection. In one of our station they build a house for one of their widows, one Mubvuwi helped them to put the roof.

In our Executive Committee we talked about a special help to the orphans at Old Umtali as we heard the need. It was agreed by every one to gather mealies towards that need. One which Mutambara Center reports one bag, three buckets, Circuits 3 bags, Zimunya South three bags. Umtali two bags; also Rukwadzano gave to Chikwizo a special collection of ten pounds 8 shillings.

The Annual Convention

This was held at Dambakurimwa in Zimunya over a five thousand people were present. Smaller groups represented their branches were from Salisbury, Gwelo, Bulawayo, Mrewa, Melsetter, Selinda & Cikore, from our neighbour church Anglican, Duch Reformed, Catholic and African Methodist. We were especially delighted to be visited by a family of missionaries from Congo Belge, led by two lady missionaries from Mutambara Girl's school who brought us greetings from the women society at Congo. We sent back with them our love and greetings.

During our convention we were favoured with three addresses of out standing merit, full of interest and information. These were by Baba Kawadza who spoke of the great work of Missionaries who first came but to find us in dirty and diseased. He mentioned the name of Baba Springer who first visited his Kraal, and found him living in the same house with his goats and fowls. Baba Springer told him a

better way of living. Baba Kawadza said, My goats and chickens multiplied more when they live separatly from us.

We thank God for the missionaries. Miss Nyembezi from Mt. Selinda spoke of her wonderful call in 1916 to come to Rhodesia as a girl teacher, hard for the parents to let her go. She waited patiently and on her knees. In 1917 she came to Mt. Selinda, from Natal, for everything is possible with God. Ishe Gandanzara, who even his appearance meant more than his words to the crowd encouraged the younger christian men to stand as the solders of the cross, and save our country from sin.

On Saturday the crowd was divided in three groups, widows went to Mai T. N. Maranke, old christian men with Baba Citenderu, large group of younger people stay to hear the rules of R. R. W. as read and taught by Mrs. Mandizera and Mrs. E. Jangano.

On the Sunday day, our superintendents the Rev. Per Hassing and K. Eriksson together with several of our African ministers were busy serving the Lord's Supper which over two hundred R. R. W. members with those from other denominations took the Holy Communion one hundred ninety-nine men also took the communion.

We give a vote of thanks to Baba Jackson for his kindness to print our constitution. We thank God for Mfundisi Tubbs the willing sacrifice to all our meetings, she sat down from

the first minute to the last watching the machine for the loud speaker. God bless and keep her.

THE PENSION SCHEME OF THE RHODESIA CONFERENCE FOR AFRICAN MINISTERS (Adopted by the Conference of 1943 and ammended in 1951.)

New Scheme for Conference Claimants Fund for the Rhodesia Annual Conference as worked out, presented and adopted.

At the Conference of 1942 the Conference Treasurer was charged with the task of presenting to the next Conference an adequate scheme to meet the needs of the Conference Claimants. The following is the scheme presented and adopted by the Conference.

Scheme as Presented

For our African Ministers now in active service there is a total of about 340 years of service which has to be taken into consideration when providing for retiring allowances. This total is increasing at the rate of about 33 years per year so that in about seven years time there will be a total of approximately 600 years of service. From somewhere about that date there probably will be calls on the retired fund by some 5 or 6 retired ministers with a total service claim of about 125 years. According to the scheme which follows this will call for about

£100 a year to meet the claims. From that time on it is probable that the amount needed for retiring allowances will grow rather than diminish. It is quite evident, therefore, that our present system will not bring our funds to the place where they will carry this. The following scheme is therefore suggested.

1. That we establish a new fund entirely for all ministers entering class received ON TRIAL at the Conference of 1942. All African Ministers entering Conference including those entering in 1942 SHALL be members of this New Conference Claimants fund.

2. Each Minister who is a member of this Fund shall pay £2. 10. 0. per year into this Fund. Such Ministers shall be freed from the necessity of paying into the Savings fund as they do now.

3. Each Conference District shall contribute to this Fund such annual assessments as may prove to be required. This amount shall be, commencing with 1942, £5. per annum for each Minister belonging to the Fund whose appointment is within that District, until such a time as it may be necessary to change the amount of the assessment.

4. The scale of benefits under this scheme shall be as follows:

Years Travelled	Allowance per Annum
10	£10. 0. 0
11	10. 10. 0
12	11. 0. 0
13	11. 10. 0
14	12. 0. 0

15	12. 10. 0
16	13. 0. 0
17	13. 10. 0
18	14. 0. 0
19	14. 10. 0
20	16. 0. 0
21	16. 10. 0
22	17. 0. 0
23	17. 10. 0
24	18. 0. 0
25	20. 0. 0
26	20. 15. 0
27	21. 10. 0
28	22. 5. 0
29	23. 0. 0
30	25. 0. 0
31	26. 10. 0
32	28. 0. 0
33	29. 10. 0
34	31. 0. 0
35	32. 10. 0
36	34. 0. 0

5. No annual allowance shall be payable to a minister who has not travelled 20 years unless for the following reasons, which reasons must be passed upon by the Conference and reviewed from time to time as the Conference shall direct.

(a) If the Minister has travelled less than ten years and the cause for retirement is ill health or other acceptable reason, he may receive in one sum the amount he has paid in plus 25%.

(b) If the Minister retiring has travelled between ten and twenty years, and if, according to doctor's certificate and in the judgement of the Conference he is unable to do the work of a travelling minister, he may either receive a lump sum which shall be equal to the amount he has paid into the fund plus a reasonable interest or else he may receive the annual retiring allowance in ac-

cordance with the scale of allowances, Such arrangements shall be mutually agreed upon by the Minister and the Conference.

(c) For all other reasons for retiring with less than twenty years as a travelling minister he may receive in one sum the amount he has paid into the Fund plus 10%.

(d) Should a minister be dismissed he may receive in one sum the amount he has paid into the Fund plus 10%.

6. Should a minister die before retirement, his total cash contributions to the Fund with interest compounded annually will be paid to a special beneficiary.

7. The claims of a minister on the Fund shall only cover the years he has been a travelling minister and during which years he has contributed his portion of £2. 10. 0. to the Fund. This however shall not apply to those of the older group of Ministers who were members of the Conference before this scheme came into being and who according to the provisions here - after named elect to join this Fund under the New Conference Claimants Scheme. In the case of this class the years of service which shall count on their claims shall be the number of years they have been in the travelling ministry and during which they have paid into Conference Savings account which funds are transferred to the Conference Claimants Fund as covering their responsibility for their payments into this fund for their years of service previous to the date of their entering under the benefits of the New Conference Claimants Fund.

8. After 20 years travelling service a Minister shall be allowed to request retirement and the Conference shall consider whether he shall be granted the retired relationship. If his request be granted he shall receive the retiring allowance according to the scale.

After 36 years of service in the travelling ministry a Minister shall have the right to retire on the scale allowance.

9. A minister's widow who was the first wife of the Minister concerned shall receive three-quarters of the benefit due to a Minister, computed on the number of years she was the wife of the travelling Minister provided she does not marry again and provided the full amount has not been paid out to a beneficiary as under paragraph 6. In the event of a widow remarrying her claim upon the fund shall cease.

A widow who was the second wife or children of a deceased Minister may receive such allowance from the Fund that the Conference may decide.

Provision for older group of Ministers transferring to the New Conference Claimants Fund.

10. As it seems highly desirable that all the African Ministers come under the foregoing New Conference Claimants Fund the following is proposed to allow all those who wish to do so to transfer from the present scheme to the new scheme.

(a) First there must be a fund large enough to cover the Ministers payments of £2. 10. 0 per year of the total of 340 years of service of the older group of Minis-

ters. This will require 340 years at £2.10.0 or about £850. To do this it is proposed to ask the Ministers concerned to pay over into this fund the amounts they have been paying into a Savings Account in their own names during the time they have been in the travelling ministry. The total of these savings comes to about £470 which is some £380 short of required £850 to cover the Ministers' share of payments into the Fund to cover their total years of service to date. If they are willing to transfer their savings for this purpose it is quite obvious that we shall have to find the remainder of £380 in some other way. I suggest that perhaps the missionaries would like to subscribe to this.

(b) Then the present Conference Claimants Fund will also have to be large enough to cover the Conference share which is £5 per year of the present 340 years of service of the African Ministers which will be £1,700. Of this we have in our Conference Claimants Fund £989 and there is about £100 held by the Board of Pensions in U.S.A. This leaves a deficit on this portion of some £600.

If the Conference approves this scheme and is willing to adopt it and if the subscriptions of the missionaries is sufficient to cover the deficit on the part of the African Ministers' share to be paid as in (a) above, then a Member of the Rhodesia Conference is willing

provide the deficit of £600 on account of the Church share as in (b) above.

Results

After full discussion and deliberation.

1. All the older Ministers expressed their desire to pay into the Fund all their savings and enter under the benefits of the new scheme.

2. A subscription list was passed around and the missionaries and the Bishop subscribed the required amount needed to within about £40. During the session of Conference the Conference Treasurer received from Division of F. Missions a cheque of 165 dollars which had been received from the Methodist Publishing House. As this was the exact amount needed to cover the £40 short the Conference voted to allow this to be used for this purpose.

3. The member of Conference above referred to subscribed the £600 mentioned in (b).

4. The Conference adopted the new Conference Claimants Scheme as fully funded to date.

H.I. James Conference Treasurer

Amendment of 1951:

'Should a Minister withdraw from the Travelling Ministry he may receive in one sum, the amount he has paid into the Fund, provided that if the Minister who withdraws has already retired, the amount that has already been paid to him shall be deducted.'

Part XI PASTORAL RECORD

This record includes only the appointments during membership in the Conferences, and not those as "supply."

In the case of missionaries, appointments before Conference membership on the field are included.

The figures are the years of service spent in the Ministry of the Methodist Episcopal Conference and The Methodist Conference.

The addresses are given in the Conference Roll and Directory.
